Hi Ron,

Graeme and I wanted to thank you for the great job you did on our roof. Your price was competitive and your advice as to the colour and style of the new shingles was much appreciated. The crew arrived on time and worked in a professional manner. While some worked on removing and replacing the old shingles, another two were busy laying tarps below and clearing up the mess, so that at the end of each day the place was clean and tidy.

The fact that you found and repaired a pre-existing leak on our porch at no extra charge was also much appreciated. We are very pleased with the finished result and would have no hesitation in recommending your company to others.

Thank you

Helen and Graeme Clark
