**Ron McAffe**  
Lions Roofing  
Barrie, Ontario

Dear Ron

This is a letter of testimony for the excellent roofing work your company Lions Roofing has completed at Seasons Centre for Grieving Children in Barrie, Ontario.

The roof was completed on time and during some very cold winter days. It was done with complete regard for our private clients needs. We never felt your workers intruded on our confidential centre at any time.

We were also really pleased with the cleanliness of the workplace. A large bin was used to keep the exterior of our property free of nails and debris. This was really appreciated because many of our clients are young children and their safety is uppermost in our minds.

I would highly recommend your company to anyone looking for affordable, professional roofing with high quality service and materials. Thanks for your great work Ron!

Sincerely,

**Patricia Copeland, BA, CFRE**
